

PRINCIPAL POST

Dear Rosa Parks Families,

We continue to appreciate how much you are taking on to ensure your children are successful in school. While we are still in remote learning, we are actively planning for the day we can welcome students back to school. I hope you are finding ways to connect with your loved ones, whether they live with you, down the street, in another state, or another country. As we head into the winter, darker days and worse weather likely will have an impact on all our mental health and wellbeing. Taking time for your own care, and modeling that for our kids, is an essential component of staying healthy physically, mentally, and emotionally.

We have been working on ways to keep our community connected while we are physically apart. In November, we will have a family bingo night hosted by our teachers and the school Family Engagement committee. The PTSA is also hosting their annual pancake breakfast virtually this year! We hope you can join us for one or both of these events. More information will be coming soon.

Our school district is going to be sending out a survey for parents to provide their feedback on remote learning. This is the first time in our history we have provided this learning model for students, and we recognize as a system we can improve our practice. Please look to the district website in the upcoming weeks for additional information.

Our next Coffee and Conversations is scheduled for November 17th from 4-5pm. I will be hosting an overview of the next phase of our character education and social/emotional learning curriculum. If you cannot make it, a video recording will be available for you to view “on demand.”

Thank you for your continued support!
